

Pipe Mill Facilities

Top-quality products win you market share, but to hold on to it you need top-quality service. That is why KHI Pipe provides a package of services extending far beyond production.

Spiral Welded Pipe

PRODUCT DESCRIPTION

Top-quality products win you market share, but to hold on to it you need top-quality service. That is why KHI Pipe provides a package of services extending far beyond production.

TYPICAL PRODUCT PROPERTIES

Total Design Capacity
: + 200,000 tons/year
Oil / Gas Line pipe Capacity
: + 120000 tons/year
Structural / Pilling Capacity
: ± 160,000 tons/year
Water Pipe Capacity
: ± 160,000 tons/year
Diameter
: 4.5" – 118"
Wall Thickness
: 3.2 mm – 25 mm
Material
: Up to SMYS 70.000 Psi

ERW Pipe

TYPICAL PRODUCT PROPERTIES

Total Design Capacity
: + 70.000 Ton/year
Maximum speed
: 40 metre/minute
Specification: API 5 L
Diameter
: 4.5" – 12.75"
Wall Thickness
: 4.75 mm – 12.7 mm
Material
: Grade material max API X-65
